Hi s22

I have now returned from leave and was forwarded your email.

Thanks for the update on a potential MOU for the forthcoming higher risk weather season.

I note the later start date and the caveat. We are happy to proceed with developing a MOU for consideration by the WA Government on this basis.

Kind regards
s22

Hi s22 ,

Just left a voicemail, wanting to give you an update on our end.

We were expecting a government decision on the future use of the Perth centre on Monday 13th, this has been deferred till MYEFO later in November.
I've spoken to my SES and we are proposing to enter into a similar arrangement as last year.

We will just caveat that should there be a decision for the ownership to be transferred to another CW entity then we will have to review the pilot program agreement.
Likely the pilot program agreement (as it is only short term) can be incorporated to any transfer, but for

full transparency I just wanted to let you know.

With this being said if you are happy with the arrangement then we can update the draft agreement for review and we can advise on contacts

Let me know what you think and happy to chat if helpful.

Cheers
s22
